

Bhupendra Patel

Chief Minister, Gujarat State

Dt. 26-07-2024

Message

Gujarat has emerged as a leader in numerous industrial fields such as automobiles, chemicals, pharmaceuticals and textiles at national level and global arena. The world is well aware of entrepreneurship and businesses are always in the veins of Gujarati people. When a person ventures into any new field, it is just like jumping into the unknown scope of work. Hence, the health, safety and fiscal status of people and the environment become the utmost priority for them. **Honourable Prime Minister Shree Narendra Modi** has launched **Atmanirbhar Bharat** and **Make In India** initiatives with an aim to exhibit the strength of our entrepreneurs, MSMEs and industrial arena before the world.

I am much pleased to learn that the **Federation of Gujarati Associations of USA (FOGAUSA)** is organizing a convention named **“United Gujarati 2024”** on **3rd August, 2024** on the foreign land. It is heartening to learn that the aim to organize such an important convention to discuss investment and business partnerships. I am sure; it will be most useful among all the stakeholders and would serve as a vital platform for the exchange of ideas, knowledge sharing, and the fostering of collaborations between the business communities. I convey my best wishes for the success of the convention and to **Team-FOGAUSA**, online-virtual participants-speakers and all the stakeholders for the success of the event and for a bright future ahead.
