MESSAGE

It is a pleasure to learn that the Federation of Gujarati Associations of USA - FOGAUSA has organised the first national convention 'United Gujarati 2024' in Dallas, Texas.

Greetings and heartiest congratulations to everyone associated with the organisation. This initiative to bring together the Gujarati diaspora in USA is commendable.

The Gujarati diaspora has been a significant and integral part of the larger Indian diaspora. For centuries, generations of Gujaratis have ventured far and wide to enhance business, trade and professional prospects. Even though they settled down in different parts of the world, they have always remained connected to their roots.

Among the financial, cultural and industrial hubs of the 21st century, Gujarat represents the spirit of India. The vibrant Gujarati community in the United States has always been a source of pride and inspiration. Your contributions to the cultural, economic, and social fabric of your adopted homeland stand as a testament to the indomitable spirit of Gujaratis worldwide.

I am sure that the convention will not only strengthen the bonding within the Indian diaspora, but also further relations between India and the United States.

The vibrant cultural exchange at 'United Gujarati 2024' will surely bring a slice of Gujarat's wonderful cultural heritage to the USA.

Best wishes for making the programme a resounding success.

(Narendra Modi)
